Want to protect your business?
And feel the need to see
what's going on?

With **LiveView CCTV**
now you can...

24/7

Commercial property, assets and things that you value most are at risk from:

Thieves, Vandals, Loiterers

LiveView CCTV is a high quality camera system providing remote visual monitoring anytime, anywhere.

Live and recorded video can be monitored by a dedicated CCTV monitoring station or you can choose to do it yourself from your PC and mobile phone

Any alarm can be sent by text and email, so you can take immediate action!

LiveView has the camera to suit every need;

Day-night, infra-red, pan-tilt-zoom or covert. Each recording continuously, or by event for quick and easy retrieval.

From LiveView CCTV 'Standard'...

- Digital video recorder for up to 4 cameras
- Cameras to suit
- Installation including power supplies and cabling
- Connection to your Internet
- Viewing software installed on your computers and mobile phones

Typical 4 camera systems cost between £1,500 – £2,000 + VAT, dependent upon the type and quality of cameras.

Prices are subject to survey.

Unhappy with your current CCTV system?

Ask us how LiveView can upgrade your existing kit with the latest technology.

...to 'Bespoke' LiveView CCTV
