LiveView systems are also ideal for Stables, Boats, Caravans, Villas and Commercial Properties.

Away from home?  
 But feel the need to see what's going on at your place?

**24/7**

With **LiveView HomeCam**  
 now you can...

When you are away from home, for any length of time, your property and possessions and things you value are at risk from:  
**Thieves, Vandals, Loiterers**

*"We travel a lot so always being able to see our home wherever we go is a great comfort to us"*

B. Hodgson, W. Yorks

**LiveView HomeCam owners say "It's like being in two places at once."**

Remote Visual Monitoring with high quality images of movement, anytime, anywhere from your PC and mobile phone. Any alarm can be sent by text and email.

Would you feel better if from time to time, you could see what's going on?

Then if anything untoward happens, an unexpected movement or activated burglar alarm for example, you get a notification on your PC and mobile phone with a text message and email.

So, you could do something about it immediately

**Call a neighbour, Call the Police**

Standard LiveView HomeCam includes:

- Digital video recorder
- Up to 4, colour, day/night cameras
- Fully installed with software on PCs and mobiles

Prices from £1,235 incl. VAT

Additional extras are available that allow:

- Up to 16 cameras
- Viewing on CCTV monitors and televisions
- Sound recording
- Sensor inputs (burglar alarm activation, door switches, panic buttons) and activated outputs (light actuators)

So easy to install- digital video recorders are mostly installed in the loft, discrete and secure.

Fill in your form for a free survey, free demonstration and peace of mind at home or away.
